Those sending for their friends will at once see the great importance of this arrangement, as it will preclude an unnecessary delay of the emigrant. The ships employed in this line are well known to be the first and largest class, commanded by men of experience; and as they sail every five days, offer every facility that can be furnished. With those superior arrangements, the subscribers look forward for a continuation of that patronage which has been so liberally extended to them for so many years past. In case any of those engaged do not embark, the passage money will be refunded as customary. For further particulars, apply by letter, postpaid.

DR. DYOTT'S ANTI-BILIOUS PILLS.

As a family medicine, a mild and gentle purgative, and purifier of the blood. The general use of these celebrated pills throughout the United States for these forty years past, and the strong recommendations they have acquired from all classes of our fellow-citizens, places them in a much more elevated situation in public estimation, than any other remedy which has heretofore been introduced. The following are among the many diseases for which Dr. Dyott's celebrated pills are so deservedly distinguished for curing. By their counteracting properties in removing the bile from the stomach, they prevent and cure the bilious fever; chills, or ague and fever; spring and fall fevers; yellow fever; bilious cholic; pleurisy; dysentery; worms; bilious vomiting; sick and foul stomach.

By cleaning the bowels and stomach from all impurities, they reatore the loss of appetite, remove flatulency, cure the headache, habitual costiveness, colds, coughs, asthma, epileptic fits, hypochondria, hysterical complaints, stranguary, gravel, &c.

By a general and copious use, they will be found very beneficial in curing the rheumatiam and gout, lumbago or pains in the back.

All impurities in the blood yield to their happy effects, whether proceeding from constitutional ailment, or from indiscreet intemperance.

These celebrated pills have been used to very great advantage in curing the dysepepia, or indigestion, bronchits, liver complaint, &c. DR. DYOTT'S ANTI-BILIOUS PILLS

operate gently, they produce neither contiveness, dobility, or too great excitement.

Whenever there is a predisposition to receive disease from marsh effluvia, or from a too copious use of ardent spirits, or from a vitiated state of the bile, these pills will assuredly counteract it.

They are highly recommended to travellers by sea or land, and may be made use of with safety without change of diet, and in situations where no exercise can be used. They will be found particularly valuable for preventing diseases incidental to hot climates; they deterge and cleanse viscid humors, open obstructions, and promote the secretion of good bile, operate as an easy cithartic, as a powerful diuretic, and as a diaphoretic.

Dr. Dyott, under the strong conviction of the power of his pills to relieve the afflicted, recommends the use of them to those who are in health as well as the afflicted, at leace once a fortnight, during the spring and summer months, in which he feels assured those who attend to his advice will find the benefit they seek.

Take notice—each box is sealed with red wax, stamped with the proprietor's cost of arms, signed T. W. DYOTT, jr.

A N Invigorating and Healthful Sum-mer Medicine, Sanctioned and Pa-tronised by the most eminent of the medical pro-

ronised by the most emment of the medical profession.

By merely pouring water on a tea-spoon full of this aperient, a cooling and grateful effervescing beverage is obtained resembling soda water to the taste, and imparting to the constitution all the benefits of the celebrated Seltzer waters of Germany.

Medical men of eminence commend in the highest terms the preparation known as Tarrant's Effervescent Seltzer Aperient. Its success in bilious affections, dyspepsia or indigestion, heartburn, febrile disorders, gout, acidity of the stomach, &c., and all the various complaints caused by the sudden changes of temperature so usual in warm latitudes, has been so great that it has been highly recommended, and has, in consequence, beer generally prescribed; and the most satisfactory results have invariably followed. In a torpid state of the liver its action upon the system has been so beneficial that its energies have been revived and its healthy

that its energies have been revived and its healthy tone restored.

No preparation has ever been introduced to the notice of the medical profession or public which has given such universal satisfaction as Tarrant's Effervescent Selizer Aperient. It should be freely used at this season as a preventative and dispeller of those sick headaches, languor of the body, loss of appetite, acidity of the stomach, &c., the forerunners of billious or febrile attacks. A tea-spoon full taken regularly every morning never interferes with the avocations of the day, and invariably creates an elasticity of mind and flow of spirits which gives a zest to every enjoyment. elasticity of mind and flow of spirits which gives a

Beadies having been received to anusual health and vigor myself, I have had an opportunity of winnessing ague at number of other remarkable instances of recovery from its use, and am informed that more than 4,000 persons, who are acquainted with the stomes of the stomes can be had at Gilman's Drug Store, no at Brown's Hotel.

FUBLIC COMMUNICATIONS.

From the United States Gasette of July, 1882.

Mr. Epiron: Are we not individually called upon, when we become furnished with any knowledge which by more extended diffusion will promote the happiness and welfare of those around us, to make known, without hesitation, such means of relief and comfort? Feeling this to be a duty, I would direct the attention of all distressed with fever and ague, to the great utility of "Rowand's Tonic Mixture," in that troublesome complaint. Besides having been restored to unusual health and vigor myself, I have had an opportunity of wincasing a great number of other remarkable instances of recovery from its use, and am informed that more than 4,000 persons, who are acquainted with its exceeding success, within less than the three years that it has been offered to the public, are anxious to testify to its sovereign efficacy. My chief object in this communication is to acquaint every individual who has suffered under the above obstinate and too often serious disease, with the virtues of the above valuable medicine; also to render thanks to the proprietor for his benevien of the proprietor for his benevien as the serious to spread still further its usefulness,

From the Baltimore Advertiser and Gazette. "CURE FOR PEVER AND AGUE." "Rowand's Tonic Mixture" never fails to cure this most distressing of all diseases, as hundreds of certificates of high respectability, like the following

May 6, 1833.

I certify that Walter Reynolds, a young man living with me, was for two years distressingly afflicted with fever and ague; lost near a year's wages, spent much money in doctoring, and tried, I presume, fifty "certain cures," all to no purpose. He was at lost cured by toking "Rowand's Tonic Mixture," which I believe to be the best medicine in the world for curing the fever and ague.

THOMAS FAWCETT.

One of the best recommendations that can be given this medicine is the following: Physicians living in fever and ague districts, who have become acquainted with its efficacy, are in the habit of or-dering it to be used in their own practice.

From the Harrisburg lotelligencer of June, 1833.

Mr. Wyzru: Having long been afflicted in my family with fever and ague, and having tried every means to get rid of it, without avail, I at length met with your advertisement of Rowand's gecuine Tonic Mixture, which I determined to try. After using it, my wife was entirely restored to health, having suffered for fifteen months from the debilitating effects of fever and ague, and is now as hearty and stout as she ever was. BERNHARD MAY.

From the same paper. Mr. Wykin: As you desired me to inform you what success I had in using the Tonic Mixture in the case of my son, who had been a fong time afflicted with fever and ague. I have to state that it was altogether successful. He is new restored to health, and I have to thank the inventor of the Tonic Mixture for his restoration, as every other medicine which I tried proved unsuccessful.

Protection against counterfeits.

Dr. Beckwith, proprietor of "Beckwith's anti-dyapeptic pills," having suffered great loss, as well as those who have been in the practice of using his pills being disappointed and their health injured. It will be seen by Dr. Beckwith's letter of June I, 1845, that he has adopted the only safe plan for himself and the public against these miscreants, by having placed the sale of his medicine in the hands of one special agent, where every one who wishes to be supplied with the genuine article must apply.

Dr. T. W. Dyott & Sons, of the Columbian College, No. 132 North Second street, Philadelphia, are the only persons appointed to supply the above pills in quantity, as no counterfeit article is permitted in their establishment. Dealers and the public will be safe in supplying themselves as above.

Burting'on College. Hurling on College.

THE Preparatory School of Burlington
College will be opened for the reception of a
limited number of boys, on the first day of November next. All applications for admission, beyond
that number, will have relative priority for the fol-

ber next. All applications for admission, beyond that number, will have relative priority for the following term.

This school is designed to be the nursery of the college, and will be conducted with that view, under the constant and immediate supervision of the president and rector of that institution. At the same time, boya will be received who are not intended for the college, and will enjoy, so long as they remain, all the advantages of the school. Provision is made for the riose thorough instruction in all the branches of English and classical learning, in mathematics and the natural sciences, in the living languages of Europe, and in drawing, painting, and music. Sacred music will receive especial attention. The boys, with their resident instructors, will constitute a Christian household, enjoying at once the paternal and the pastoral relations. The domestic and religious influences are relied on for its administration; and everything in it will be faithfully done, on Christian principles, and in dependence on Divine assistance. The health, the manners, and the morals of the boys will be constant objects of the most tender and scruptulous regard; and nothing shall be wanting, that they may grow up, as "trees, the planting of the Lord."

The charge for each term, of five months—beginning on the feast of St. Philip and St. James, (lat May,) in each year—will be one hundred and fifty dollars, payable always in advance. There will be no additional charge of any kind. Beys who remain during the vacations, which are the months of April and October, will be charged fifteen dollars for each.

Applications for admission to be made to the Rt. Bev. George W. Doane, D. D. Li. D., president of Burlington, 11th September, 1846.
